# Global Fund Distribution Services

Navigating the complex regulatory world of UCITS and the AIFMD can be cumbersome and time consuming. Understanding the varying regulations across different jurisdictions, as you look to develop your distribution footprint, can be daunting. Ensuring your funds and the associated marketing efforts are fully compliant at all times, can be worrisome. With a team of 35 cross-border fund distribution experts, PwC Luxembourg's Global Fund Distribution practice is there to help.

We understand the multitude of obligations to be satisfied in each country, the ongoing regulatory and tax requirements to remain compliant, and how to construct and develop robust distribution strategies. The PwC Global Fund Distribution (GFD) team will support and guide you throughout the unique challenges of designing, implementing and maintaining a multi-jurisdictional fund distribution strategy, through the delivery of fully coordinated regulatory, tax and advisory solutions. Over the past 20 years, we have assisted our global client base with a varied range of cross-border fund solutions from the PwC centre of excellence, based in Luxembourg. Covering more than 40 countries, and with all solutions administered efficiently via a unique web-based platform, enabling easy documentation sharing, we provide dedicated project management for all your ongoing fund distribution needs. Today, GFD remains the market leader in cross-border fund registration services, continuing to offer a comprehensive range of advisory solutions for cross-border funds across a vast number of countries. The GFD solutions are fully tailored according to the distribution needs of our client's funds, their operational requirements and internal resources.

We currently cover more than 40 jurisdictions across five continents and the GFD team has deep knowledge and experience of the regulatory environment around fund distribution, distributor due diligence and marketing material requirements. Moreover, GFD continues to use fully-customisable IT solutions that enable the transparent and efficient sharing of fund information to enhance the preparation of required regulatory and tax reporting, whilst providing clients with comprehensive on-line market intelligence across all countries of distribution, including a newsflash service delivering up-to-date market changes. With our à la carte model, clients are able to choose those specific services they require most, the countries of coverage and the day-to-day operational set-up that most fits their needs. The provision of all GFD regulatory, tax, and advisory services, are fully project managed through a single dedicated client account team, generating tremendous efficiencies for your business.
